Richardson Road and 17th Street Sidewalk Improvements

stretch of Richardson Road. This meeting will give the residents an opportunity to voice any concerns and provide input.

The proposed sidewalks will be located on one side of the existing road right-of-way. The sidewalk design will consider existing site constraints, including right-of-way & utilities, and will minimize the costs for the sidewalk installation and for right-of way acquisition from residential or commercial properties. Connections with existing sidewalks and crosswalks will be considered.

Residents are invited to come to the meeting on Sept. 25, 2014 to hear a brief presentation at 5:30 or drop in to view plans, make comments and ask questions until 7pm. You will see on which side of the road the sidewalk is proposed, how far back from the edge of the road the sidewalk is proposed to be placed or what the proposed sidewalk will look like. You may want to discuss any adjustments early in the design process rather than during the construction phase when it might not be possible to change plans.

If you have any questions or concerns, and cannot attend the meeting, contact the Sarasota County Call Center at 941-861-5000 or TTY 941-861-1833 and ask about the DeSoto Acres Sidewalk Project.
